Model 10-700 M1 DOWN DRAFT TABLE

Provides a higher level of safety and convenience by collecting dust at the source.

Special design for heavy and finish sanding, routing and chop saw applications.

Collects dust that would otherwise stay in the work area.
Low noise level.

Industrial strength steel cabinet with three foldable dust curtains.

Steel top with rubber grommets to hold and protect the work piece.

A shop vacuum or dust collector can be used to clean out the dust collection tray.

Two onboard 110 V electrical outlets.
