

Model 20-100 M1

VARIABLE SPEED POWER FEEDER

Designed to be universally adaptable on a variety of wood working tools, including table saws, bandsaws, shapers and jointers.

High-grip polyurethane rollers provide accurate feed for materials of all shapes and sizes.

Fully adjustable.

Power feeders are safer and more efficient than hand feeding stationary machines.

Variable speeds in forward and reverse.

Built-in dust collection outlet.

Adjustable mounting plate fits a variety of machines.

For light duty materials.
