

Model 15-125 M1

## 6" X 25" HORIZONTAL SPONGE SANDER

Suited for 2 simultaneous operations.

Used for sanding curved surfaces or irregular shaped stock such as chair legs.

Belts can be set for safe and accurate, easy sanding of stock vertically, horizontally or any position in between.

Easy adjustable hand wheels and levers for belt tension.

Heavy-duty tapered stand for added stability.

Sponge drum provides great sanding flexibility.
