## Model 15-235 M1 VERTICAL SPINDLE SANDER / POLISHER

Lower RPM is designed to accept sanding flaps & sanding drums (not included) for sanding wood & curved components & mouldings.

3 spindle speeds for rough, intermediate and finish sanding/polishing.

Forward or reverse spindle rotation for maximum convenience and sanding efficiency, with spindle locking mechanism for safe sanding in either direction.

Large easy access mushroom style stop button.

Large 32" x 32" table for safe, comfortable handling of large odd-shapes and stable workpiece support.

Complete spindle bushing set included to allow the use of a wide selection of sanding drum lengths.

Large opening access door for motor maintenance and cleaning.

6" & 9" spindles included.
