### DOUBLE SIDED QUICK CHANGE KNIVES

**Fold-down extension  
tables**

Model 30-010S M1

## 13" SINGLE SURFACE PLANER WITH STAND

Powerful 2HP 15 A motor with thermal overload protection.

Front and rear fold-down extension tables (12 L x 15 1/4 W) with end rollers for smooth easy stock feeding.

Top mounted return rollers for multiple passes.

Convenient power cord storage brackets and inset lifting handles.

Dual position depth of cut adjustment handle mounts left or right – one full rotation equals 1/16".

Dual feed speeds for smooth planing with either soft or hard wood.

Adjustable pre-set depth gauge for accurate repeat cuts.

Easy to read graduated scale in both inches and metric.

Safety On/Off switch with key. Unit cannot be started when key is removed from switch.

Snipe eliminating head lock.

Depth of cut indicator.

---
